SUPPORT THE FUTURE OF CLIMBING AS A MEMBER GYM
Why Become a Member Gym

Our sport is growing at a phenomenal rate, and the sheer number of people climbing outside is having a tremendous impact on our climbing areas. While not all of your clientele will take that next step to climb outdoors, many of them will. And when they do, we want them to take an ethic of personal responsibility and minimum impact with them. We want them to be part of the solution. But we need your help.

As a gym owner/manager, you host a dynamic community of climbers. The gym is a place we go to strengthen our ties to the climbing community, refine our technique, and deepen our love for the sport. As a leader in this community, you are in the perfect position to help define what it means to be a responsible outdoor climber.

Join the Access Fund Member Gym program today, and help us prepare the next generation to climb responsibly in the outdoors. By joining, you plug in to innovative indoor-to-outdoor education programs, local stewardship opportunities, and advocacy efforts that keep our climbing areas open and conserved.

The future of climbing access depends on all of us, working together. Join today at: www.accessfund.org/membergym or contact development@accessfund.org.

MEMBER GYMS partner with ACCESS FUND to educate and inspire their climbing community.

MEMBER GYM BENEFITS
Which level is right for your gym?

Access Fund is the national non-profit that keeps U.S. climbing areas open and conserves the climbing environment. The Access Fund supports and represents the climbing community through six core programs: climbing policy and advocacy, land acquisition and protection, stewardship and conservation, risk management and landowner support, local support and mobilization, and education.
